

October 3-4, 2013 The Westin Hotel, Indianapolis, IN
www.savi.org/conference

Bring expert perspective to your organization when you attend the 2013 Governor's Conference on Service and Nonprofit Capacity Building.

It's all about Service. Sharing. Strategy.

DAY 1: Skill-Building Workshops

Learn powerful skills to help you be more strategic and effective at addressing our communities' most pressing needs. Interactive workshops will help you make your organizations more efficient and impactful. Learn how data is vital to decision making through workshops in the following areas:

Hosted by:

DAY 2: Human Needs Summit

Learn what the data tell us about the most pressing needs facing our state and communities in the areas of education, health, hunger, and housing. Work with your peers to develop strategies to address these needs. Be a part of the solution!
