

EDUCATION SURVEY INSTRUMENT

For this survey, please respond for yourself as an individual, rather than for your agency or staff.

Q1. Which of these skills are you currently using or are you interested in using?

- A. Framing problems so you are successful in finding data (developing a focused question that can be supported by data)
- B. Finding data about your community (knowing where and how to get data)
- C. Knowing how data should and should not be used (understanding the accuracy and limitations of data)
- D. Interpreting data from tables, charts, and maps (finding meaning in the numbers)
- E. Using data to draw conclusions and make decisions (using the numbers to inform programs and strategy)
- F. Telling stories with data (using data to make a persuasive argument)

Q2. Would you attend a training in these skills?

- G. Framing problems so you are successful in finding data (developing a focused question that can be supported by data)
- H. Finding data about your community (knowing where and how to get data)
- I. Knowing how data should and should not be used (understanding the accuracy and limitations of data)
- J. Interpreting data from tables, charts, and maps (finding meaning in the numbers)
- K. Using data to draw conclusions and make decisions (using the numbers to inform programs and strategy)
- L. Telling stories with data (using data to make a persuasive argument)
