SAVI Community Information System
Data Content
www.savi.org

SOCIAL VULNERABILITIES are data reported by various geographic boundaries that describe the demographics and social characteristics of the community.

Data Type	Data Years	Reporting Levels/ Geographies *	Extent **	Population Groupings	Normalizations (Display As) Available (for select data classes)	Examples
U.S. Census Decennial Census Data.	1990, 2000, 2010	BG, CO, TR, TW, SC	MSA	Total population - and groupings by age, race, sex, income level, marital status, educational attainment, employment status, family, household, housing unit, and others.	▪ Per square mile. ▪ By total population, sub-populations (based on age, sex, race), households, families, and occupied units. ▪ Others as appropriate.	▪ Persons living in poverty ▪ Female population age 19 to 24 ▪ Family households with own children under age 18 ▪ Total vacant housing units
US Census American Community Survey Data (Including 2005-2009 and 2014-2018 5-year averages)	2005-2018	CO, TW, SC, MSA, TR, BG, ISHD, ISSD, ZCTA	MSA	Household and family groupings including presence of children, poverty, and income.	▪ Per square mile. ▪ Households, families, and occupied units. ▪ Others as appropriate.	▪ Total Households ▪ Households with Children ▪ Married Couple Families
US Census Redistricting Data	2010	CO, TW, SC, MSA, TR, BG	MSA	Population by age, race, and ethnicity. Housing by tenure.	▪ Per square mile. ▪ As percent of total population. ▪ Others as appropriate.	▪ African American Population ▪ Hispanic Population ▪ Occupied Housing Units
US Census Bureau Small Area Health Insurance Estimates	2005-2011	CO	MSA	Estimates of population with and without health insurance coverage broken out by gender, age, and income level.	▪ By sub-population groups	▪ Population 40 - 64 with Health Insurance Coverage ▪ Males 18 - 64 at or below 200% of Poverty with no Health Insurance Coverage ▪ Population Under 19 at or below 200% of Poverty with no Health Insurance Coverage
Home Mortgage Disclosure Act (FFEIC) Housing Data	1992-2018	CO, TR, MSA	MSA	Total loans for home purchase (conventional, guaranteed), home improvement, and refinancing - and groupings by income level and race (Caucasian, African American, Hispanic).	▪ Per square mile. ▪ By home purchase, improvement, and refinancing applications. ▪ Per 100 occupied housing units	▪ Denied home purchase loan apps – low income applicants ▪ All home improvement loan apps – African American ▪ Approved guaranteed home purchase loan apps – Hispanic
HUD Aggregated United States Postal Service (USPS) Data on Address Vacancies	2005-2010	CO, TR	MSA	Total number of addresses and total vacant addresses. Beginning in 2008, addresses are divided into residential and commercial groupings.	▪ Per square mile ▪ As % of total addresses ▪ Number (units)	▪ Residential and commercial addresses identified as vacant in quarter 1 ▪ Commercial addresses vacant for 3 to 6 months in quarter 2 ▪ Total residential addresses in quarter 4 ▪ Residential and commercial addresses in service in quarter 3 that were vacant in previous quarter
HUD Subsidized Housing Data	2008-2017	CO, TR, MSA	MSA	Total number of people living in and units available for subsidized housing including public housing, Section 8 voucher housing, and Low Income Housing Tax Credit.	▪ Percent of Public Housing Households ▪ per Square Mile ▪ as % of HUD Program Residents	▪ Average Size of Household for Public Housing ▪ Percent of LIHTC Households Headed by a Female ▪ Percent of Section 8 Voucher Units that are Occupied
Indiana Department of Local Government Finance	2002-2018	CO, BG, SC, TR, TW, ZP, CL, ~~NH,~~	MSA	Parcel-level property data including assessed values, tax bills, and dwelling characteristics.	▪ As % of total properties ▪ As % of residential properties ▪ As % of single family dwellings	▪ Residential One Family Dwellings Built in 1979 or Earlier ▪ Residential Properties with a Tax Bill $2,000 and up

Data Type	Data Years	Reporting Levels/ Geographies *	Extent **	Population Groupings	Normalizations (Display As) Available (for select data classes)	Examples
		CDC, GINI, HPA, INNH				▪ Residential Properties with Assessed Value between $60,000 - $99,999
Indiana 211 Helpline Call Data	2016-2019	CO, MSA, ZP	MSA	Calls placed to Indiana 211 Helpline broken out by calls, needs, race, gender, and quarter.	▪ As % of population groups ▪ As % of calls	▪ Total 211 Calls for the Year about Basic Needs ▪ Total 211 Calls for the Year from Hispanics ▪ Total 211 Calls in Quarter 4 about Health
Indiana State Department of Education Data	1980, 1990-2019	SC, CO	MSA	Total population, enrollees, students, teachers, graduates, dropouts, adults, children, families, people per household, and lunch program participants and others - and groupings by, grade level, race, public/nonpublic, educational attainment.	▪ Per square mile. ▪ By total population, graduates, enrollees, drop outs, and sub-populations of these based on grade level and public/nonpublic status. ▪ Others as appropriate.	▪ Total enrollment-female ▪ Public enrollment-Hispanic ▪ Free and reduced lunch Program participants ▪ Adults with highest educational attainment of high school diploma
Indiana State Department of Health Birth Defect Data	2005	CO	MSA	Birth defects as reported by the Indiana Birth Defects and Problems Registry.	▪ Per 10,000 live births	▪ All Birth Defects per 10,000 Live Births ▪ Down Syndrome Cases per 10,000 Live Births
Indiana State Department of Health Communicable Disease Data	2004-2006	CO	MSA	Communicable disease rates for a selection of reportable diseases.	▪ Per 100,000 population	▪ Hepatitis B Cases per 100,000 Population ▪ Shigellosis Cases per 100,000 Population ▪ West Nile Virus Cases per 100,000 Population
Indiana State Department of Health Cancer Data	1999-2004	CO	MSA	Cancer incidents and deaths by county	▪ Per 100,000 population (age adjusted)	▪ Cancer deaths in females ▪ Cancer incidents in males
Indiana State Department of Health Hospital Discharge Data	2000-2013	CO	MSA	Hospital discharges by payer type and diagnosis.	▪ Per 1,000 Population ▪ As % of total hospitalizations ▪ As % of total hospital costs	▪ Total Hospitalizations ▪ Hospitalizations paid by Medicare ▪ Average days of hospitalizations due to injury and poisoning
Indiana State Department of Health Vitals Data	1989-2017	CO	MSA	Births and deaths by county	▪ Per 1,000 population ▪ Per square mile ▪ As % of total births (for subgroups)	▪ Low weight births ▪ Births of Male/Female babies ▪ Births by age and race groups
Marion County Building Permit Data	2000-2018	BG,SC,TR, TW, ZP, CL, NH, PO, CDC, ZCTA, GINI, HPA, INNH	Marion County	Building and Demolition Permits	▪ Per square mile ▪ Per 100 Housing Units	▪ Total residential/commercial building permits ▪ Total residential/commercial demolition permits
Marion County Juvenile Justice Data	1992-2018	CO, BG,SC,TR, TW, ZP, CL, NH, PO, CDC, GINI, HPA, INNH, ZCTA	Marion County	Total offenses - and groupings by age, race (white, black), and sex. Offenses by type of charge. Offenses by drug or alcohol abusers.	▪ Per square mile ▪ Per total offense charges ▪ Per subpopulations based on race and gender	▪ Offenses with charge of rape, aiding rape or attempted rape ▪ Offenses committed by Hispanic males

Data Type	Data Years	Reporting Levels/ Geographies *	Extent **	Population Groupings	Normalizations (Display As) Available (for select data classes)	Examples
Marion County Health and Hospital Birth Certificate Data	1988-2018	SC,TR, INNH	Marion County	Total births – and groupings by weight and by mother's age, race, education, prenatal behavior, and use of support services (e.g., MCH, WIC) and by father's age, race, and education	▪ Per 1,000 population with subpopulations based on race of mother ▪ By total births with subpopulations based on race and age of mother	▪ Births to Hispanic mothers under age 19 ▪ Low weight births ▪ Births where prenatal care began in the first trimester
Marion County Health and Hospital Death Certificate Data	1988-2018	SC,TR, INNH	Marion County	Total deaths - and groupings based on age and race (AA, Caucasian, Hispanic) and by type of death (suicide, homicide, accident)	▪ By total deaths with subpopulations based on age ▪ Per 1,000 population with subpopulations based on race	▪ Deaths of African American individuals under age 1 ▪ Deaths by accident ▪ Deaths of Hispanic individuals under age 20
Marion County Health and Hospital Obesity Data	2005	HPA, CO	Marion County	Adults included in MCHH telephone survey on obesity, nutrition and exercise. Public school children measured as part of MCHD program	▪ As % of survey respondents	▪ Adults who are overweight ▪ Adults who meet CDC minimums for eating fruits and vegetables ▪ Adults who walk for exercise ▪ Public School Students who are Overweight
Primary Care Service Area Data	1999-2006	PCSA, ZCTA	MSA	Physician Assistants, Physicians, Medicare, Census data is also included as a means of providing contextual data for ZCTAs and PCSAs.	▪ As % by groups ▪ Count ▪ Others as appropriate	▪ Females 18 - 64 with Health Insurance Coverage ▪ Deaths of HMO Medicare Beneficiaries ▪ Physician Assistants ▪ Population per Clinically Active Primary Care Physician
Uniform Crime Report Data	1992-2018	BG, NH, SC, TR, TW, ZP, GINI,PO,CDC, HPA, ISHD, ISSD, ZCTA, INNH	Marion County	Total Part 1 crimes (criminal homicide, robbery, aggravated assault, burglary, larceny, motor vehicle theft, and rape) and groupings by type of crime.	▪ Per square mile ▪ Per 1,000 population ▪ Per total crimes	▪ Aggravated assaults ▪ Burglaries
Statewide Crime Report Data (NACID)	2010-2014	County	MSA	Part 1 crimes (criminal homicide, armed robbery, aggravated assault, burglary, larceny, motor vehicle theft, property crimes, violent crimes, and rape) and groupings by type of crime.	▪ Per square mile ▪ Per 1,000 population ▪ Per total crimes	▪ Larceny ▪ property crimes
U.S. EPA Air Quality Data	1998-2008	County	MSA	Air quality data as reported by AirData Air Quality Index Summary Report.	▪ Percent of days ▪ Index value	▪ Percent of Days Where Air Quality was Reported as Good ▪ Percent of Days Where the Main Criteria Pollutant was Reported as Ozone ▪ Median Air Quality Index Value
U.S. EPA Emissions Data	1990, 1996-2002	CO	MSA	Air pollution emissions data as reported by U.S. Environmental Protection Agency.	▪ Short Tons	▪ Total Ammonia Emissions ▪ Carbon Monoxide emissions from electric utilities
Atmospheric Composition Analysis Group	2010-2018	County, Tract, Block Group	MSA	Neighborhood-level estimates of particulate matter air pollution		Micrograms of PM 2.5 per cubic meter
National Housing Preservation Database	2018	County, School Corporation, IndyVitals	MSA	Counts of subsidized housing units available at the neighborhood level. Disaggregated by size, target tenants, and funding type.		Number of affordable units, Number of Section 8 units, Number of units for elderly tenants

Data Type	Data Years	Reporting Levels/ Geographies *	Extent **	Population Groupings	Normalizations (Display As) Available (for select data classes)	Examples
		Neighborhood Area, Tract, Block Group				
500 Cities Project	2014-2017	Census Tract	Indianapolis Balance, plus Carmel and Fishers	Model-derived estimates of neighborhood level health outcomes and behaviors		Smoking prevalence, rates of stroke, diabetes, obesity, etc.
Bureau of Labor Statistics - Quarterly Census of Employment and Wages	2001-2018	MSA, County	MSA	Number of employees and wages by industry. Updated quarterly at county level.		Jobs in Major Advanced Industries, Jobs in the logistics sector, locally important sectors
Bureau of Labor Statistics - Local Area Unemployment	2008-2017	MSA, County	MSA	Labor force, employment, and unemployment data at the county level.		Unemployment rate, Number employed, number unemployed
Bureau of Labor Statistics - Current Employment Statistics	2008-2019	MSA	MSA	Wages and hours worked by sector, available at regional (MSA) level.		Hourly wages for retail workers, hours worked per week for manufacturing workers, weekly wages for private sector workers
Centers for Disease Control and Prevention via County Health Rankings	2012-2016	County	MSA	County-level data on obesity and physical activity.		Obesity rate, percent of adults with no leisure time physical activity
Federal Emergency Management Agency (FEMA)	2018-2019	MSA, County, Tract, Block Group	MSA	Areas within flood boundaries.		Percent of area within flood boundary
Freight Analysis Framework	2012-2018	CBSA	CBSA	Regional estimates of freight tonnage and value, broken out by goods, mode, and origin/destination.		Millions of dollars of freight value for pharmaceuticals, Total value for rail shipments, Total value of exports to Chicago
StatsIndiana from Indiana Business Research Center	2020,2025,2030,2035,2040,2045,2050	County	MSA	Economic and demographic data for counties, census tracts, and more.		Projected population in 2030
Kids Count	2010-2017	County	MSA	Administrative data about participants in the Women, Infants, and Children program.		Number of infants and children under age 5 participating in, percent of children participating in WIC
Indiana Family and Social Services Administration	2010-2019	County, School Corporation	MSA	Quality and capacity information for childcares. Updated annually at the neighborhood level.		Daycares Which Are PTQ Levels 3 or 4 as % of Total Number of Daycares, Capacity of Daycares Which Are PTQ Levels 3 or 4 as % of Capacity of All Daycares

Data Type	Data Years	Reporting Levels/ Geographies *	Extent **	Population Groupings	Normalizations (Display As) Available (for select data classes)	Examples
		Tract, Block Group, IndyVitals Neighborhoods				
IndyGo	2016, 2018	County, School Corporation, Tract, Block Group	MSA	Neighborhood-level measures of transit service.		Weekly revenue miles per square mile
International Trade Administration	2012-2018	MSA, County	MSA	International export data mostly at the regional level, with some available at county level.		Total value of international exports, Value of exports to France, Value of exports to Brazil
Keep Indianapolis Beautiful	2013	County, School Corporation, Tract, Block Group, IndyVitals Neighborhood	Marion County	Neighborhood-level measures of tree canopy based on land cover dataset.		Acres of tree canopy, Tree canopy as a percent of total land area
National Archive of Criminal Justice Data	2010-2016	County	MSA	County-level crime data based on FBI Uniform Crime Reports.		Violent crime rate, Vehicle thefts per 1,000 population, Murders per 1,000 population.
Neighborhood Change Database	1970, 1980, 1990, 2000, 2010, 2016	Tract	MSA	Historic census data available for modern census boundaries. Used for SAVI's neighborhood change index.		Average family income, Percent of adults 25+ with a bachelor's degree, Percent of population between 20-34 years old.
Pew Research Center – Undocumented Immigration Estimates	1990, 1995, 2000, 2005-2017	MSA	MSA	State and metro estimates of undocumented population.		Number of undocumented immigrants.
The Behavioral Risk Factor Surveillance System via County Health Rankings	2014-2016	County	MSA	County-level health behavior data generated from surveys.		Percentage of Population 18 years and Over Getting Insufficient Sleep, Smoking rate among population 18 years and older, Average number of physically unhealthy days in past 30 days
US Small-Area Life Expectancy Project	2015	County, Tract, Zip Code	MSA	Neighborhood-level life expectancy data.		Life expectancy at birth
United States Customs and Immigration Services	2017-2019	MSA	MSA	Approximate population in Deferred Action for Childhood Arrivals program.		Approximate DACA Population

Data Type	Data Years	Reporting Levels/ Geographies *	Extent **	Population Groupings	Normalizations (Display As) Available (for select data classes)	Examples
United Way ALICE Data	2016	County, Township, Zip Code	MSA	Measure of low-income households developed by United Way.		Percent of Households Below ALICE Threshold, Percent of Households Above Poverty but Below ALICE Threshold
U.S. Census Bureau – County Business Patterns	2010-2016	County	MSA	Employment, establishments, and payroll by industry.		Number of business establishments
Indiana Commission for Higher Education	2011-2017	County	MSA	County-level data about college enrollment and performance.		Percent of College Students Needing Remedial Courses, Percent of High School Graduates Enrolled in College
IU Public Policy Institute	2019	County	Marion County	Single night homeless count for Marion County		Homeless population
Administrative Office of the US Courts	2010-2018	County	MSA	County-level bankruptcy data		Non-Business Bankruptcy Filings per 1,000 Population
Indiana State Police via IU Public Policy Institute	2010-2014	IndyVitals Neighborhoods	Marion County	Bicycle and pedestrian crashes by neighborhood.		Bicycle/Pedestrian Collisions with Autos (per 1000 Population)
Indianapolis Department of Public Works	2015	IndyVitals Neighborhoods	Indianapolis Balance	Permeable surface by neighborhood.		Permeable Surface (Water Penetrable)
Indianapolis Public Library	2015	IndyVitals Neighborhoods	Marion County	Percent of population with a library card.		Percent of residents with a library card
IndyGIS	2014	IndyVitals Neighborhoods	Marion County	Properties with access to parks and greenways.		Percent of Properties with Park Access, Properties with Greenway Access
Longitudinal Employer-Household Dynamics(LEHD)/LEHD Origin-Destination Employment Statistics(LODES)	2012-2014	IndyVitals Neighborhoods	Marion County	Jobs by sector and demographic categories.		Number of workers, number of manufacturing workers, number of female workers
Marion County Treasurer's Office	2010-2015	IndyVitals Neighborhoods	Marion County	Distressed properties, based on tax status.		Tax delinquent properties, surplus properties, tax sale properties
United States Department of Agriculture	2010-2015	IndyVitals Neighborhoods	Marion County	Federal data about population within one mile of grocery store.		Percent of Population within 1 Mile of a Supermarket
Walk Score	2015	IndyVitals Neighborhoods	Marion County	Aggregated walk score data by neighborhood.		Walkability/Average Walk Score
EPA Risk-Screening Environmental Indicators	2014-2018	Block group, census tract, county	MSA	Modeled estimates of neighborhood air pollution levels from the EPA.		Environmental risk score, risk score for carcinogens, toxicity score

*BG = Census block group, CO = County, NH = Neighborhood, SC = School corporation, TR = Census tract, TW = Township, ZP = ZIP Code, CL = City Limits, HPA = Health Planning Area, GINI = Great Indy Neighborhood Initiative Neighborhood. PO = Police Jurisdiction, CDC = Community Development Corporation Service Boundary, ISHD – Indiana State House District, ISSD – Indiana State Senate District, INNH = Indy Neighborhood, ZCTA = Zip Code Tabulation Area.

** MSA = Indianapolis MSA and Madison County

Notes: 1) Some aggregation geographies are not available for all sources due to confidentiality constraints. 2) Not all aggregation geographies are available for all years of data. 3) Neighborhood aggregations are only available for Marion County. 4) Not all normalizations are available for all data classes.
